Director  
Central Intelligence Agency  
ATTN: Director, Office of Current Production  
and Analytic Support  
Langley, VA

Dear Sir:

Under separate cover, we informed the Executive Secretary, NFIB that we agree with the draft forwarded by his IC 82-3451 memorandum, Subject: Revised DCI Directive (DCID) on Critical Communications, dated 15 June 1982, and would prepare and coordinate a draft Volume II portion of the DCID. To this end the attached draft changes to Volume II, which is intended to serve as an attachment to the new DCID on Critical Information, are submitted for your review and comment. Volume II contains guidelines for the identification, dissemination, and handling of Critical Information, which are the same as those that appear in the current directive. (Annexes A and B are submitted in their entirety. For the handbook only the proposed changes are provided.)

In order to eliminate certain areas of duplication, the General Procedures for Handling Critical Information, from the current directive, have been combined with the Handbook of Standard Operating Procedures. In addition, some procedures in the handbook have been updated and clarified as appropriate.

If further assistance or discussion is necessary, we will be happy to meet with your Action Officer. When agreement has been reached on the draft, we will forward a copy to the Executive Secretary, NFIB.

Sincerely,

KERMITH H. SPEIERMAN

Deputy Director for Telecommunications  
and Computer Services

NSA Review Completed.
